Subject: RE: CASAC PM Panel - Ethics Review

Hi Aaron,

That's a good question. Based on Administrator Pruitt's May memo, CASAC will only review one draft of PM in order to meet the December 2020 deadline to complete the PM NAAQS review. Based on this directive we will not be able to add new studies to the ISA after the CASAC review unless CASAC tells us to add new studies. This is in line with previous CASAC reviews where we have not added additional new literature to an ISA prior to finalizing an ISA since it will not be reviewed by CASAC (e.g., between reviewing the 2nd draft and the document being finalized).

In saying all of that, we don't know what CASAC's view will be of being told to only reviewing the PM ISA once.

This doesn't really address Patrick's question, but it's the best response I can provide at this time based off what we were told in that May memo.

Let me know if you have any other questions.

Jason

Subject: Re: CASAC PM Panel - Ethics Review

Dear Aaron:

Do you happen to know the cutoff date for new publications to be citable in the PM ISA?

Thanks.

Patrick

CASAC PM Panel,

As we do at the start of each review activity, we will be conducting an ethics review. Please fill out the attached Confidential Financial Disclosure Form (EPA 3110-48). When you get to the Supplemental Questions in Section 6, please answer those questions with respect to the upcoming PM ISA as well as with respect to any previous statements/publications that you may have made regarding the PM NAAQS.

In addition, you will need to take the annual ethics training:<https://yosemite.epa.gov/sab/sabproduct.nsf/2016SGEthicstraining/10.html>

Please return the ethics form to Wanda Bright (bright.wanda@epa.gov) by Friday August 17, 2018, and let her know when you have completed the ethics training (also by August 17, 2018).

Please let me or Wanda know if you have any questions.
